# Task Book

Name:

## General Rescuer Instructor Task Book

Name \_\_\_\_\_ Date initiated \_\_\_\_\_

Phone \_\_\_\_\_ E-mail \_\_\_\_\_

Sponsoring Agency \_\_\_\_\_

RESET has identified requirements for instructors teaching their programs. This Task Book with the supporting documentation will outline where the Instructor is in the Instructor process. As the instructor advances through the different levels the updated task book needs to be provided to the Rope Curriculum Committee for review and filing. It is ultimately the instructor's responsibility to maintain the task book. Please refer to the RESET General Rescuer Instructor Policy for more information.

### **Directions**

Fill out the requested information above and put your name at the top of each page in the space provided. Below you will find the instructor requirements in a task book/checklist format. As you complete the various requirements you should initial and date next to the task/requirement. Be sure to fill in any required information in the task/requirement section (several require names, dates, etc). All supporting documentation should be attached to the back of this Task Book. Once you have completed a section, this task book should be provided to the Rope Curriculum Committee for verification and final approvals. You are ultimately responsible for your task book and should maintain a copy available for your records.

If you are a Grandfathered Instructor you will only need to fill out the Grandfathered Instructor section (skip the Provisional and Instructor sections).

Name \_\_\_\_\_
